

DEEP NEMA

Banswara, Rajasthan

deepnema7@gmail.com — +91 8302692414 — GitHub — LinkedIn

PROFESSIONAL SUMMARY

Engineer specializing in Machine Learning and Computer Vision, experienced in building end-to-end AI pipelines and deploying scalable, low-latency inference systems for real-world applications.

EDUCATION

Vellore Institute of Technology

2022 – Present

B.Tech in Computer Science (Health Informatics)

TECHNICAL SKILLS

Programming: Python, SQL, Java

AI/ML: Machine Learning Basics, Data Preprocessing, Model Evaluation

Technologies: REST APIs, JSON, MySQL

Tools: Git, GitHub, Streamlit, MS Office

Concepts: DSA, OOP, DBMS

Core: Problem Solving, Debugging, Troubleshooting

EXPERIENCE

Software Developer Intern – Saiket Systems

Oct 2025 – Dec 2025

- Diagnosed and resolved application issues, improving system performance and reducing response time by **25%**
- Provided backend support for API integrations and handled data-related issues efficiently
- Debugged software errors and ensured smooth functionality across modules
- Collaborated with team members to troubleshoot and resolve technical incidents in real-time

PROJECTS

DocuMind – AI-Powered Document Intelligence (RAG)

GitHub

- Built a GenAI system using RAG, FAISS, and LLMs for document search and Q&A
- Designed embedding, retrieval, and response pipelines to improve contextual accuracy
- Developed scalable backend for document ingestion and query handling

Video Insight AI – Intelligent Video Analysis System

GitHub

- Built deep learning pipeline for real-time video understanding and object detection
- Developed low-latency inference APIs using FastAPI, OpenCV, and TensorFlow/PyTorch
- Processed unstructured video into actionable insights for scalable applications

Cryptocurrency Analytics Dashboard

GitHub

- Built real-time data pipeline using REST APIs and Streamlit (1000+ records/day)
- Implemented data ingestion, cleaning, and interactive visualization dashboards
- Optimized performance and ensured reliability for continuous data processing

CERTIFICATIONS

- Oracle Certified Professional — Java SE 11 Developer
- Generative AI using IBM Watsonx — IBM
- Applied Machine Learning in Python — Coursera
